## Effective Immediately

The City of Ramsey will no longer supply water meter horn(s). A plumbing establishment will no longer be able to obtain a water meter horn from City Hall. As such, the plumber may acquire an approved water meter horn from any establishment of their choosing, as long as it meets the following requirements.

The Meter Horn shall be:

- Ford N/L Meter Horn
- 5/8" x 3/4" Swivel

If acquiring from:

- Ferguson Waterworks, the PN is: **10-CH8S-233-NL**
- MN Pipe, the PN is: **10-CH8S-233-NL**

Water meters are remote and wireless.

The process for installing a *water meter* remains the same. City Utility staff installs residential water meters. Please allow for one hour's time for the installation of a water meter. Water meters will not be installed on the same day as the request for installation, please call 24 - 48 hours in advance of the need for installation.

During the cold weather season, please have the curb stop exposed, Utility staff *will not* expose the curb stop. The plumber may flush the line, in preparation for the water meter installation.

Please call **763-433-9850**, to schedule the installation of a water meter. The water meter *horn* must be installed prior to the installation of the water meter.
