*First and foremost, let us acknowledge that we are in unprecedented times during this current public health pandemic. The City is working to balance the need to protect public health with the ability of the public to engage with key policy decisions and maintain a continuum of services. The City is still obligated to respond to certain requests such as land use applications. Additionally, we desire to ensure a healthy economy moving forward. With that in mind, **we have scheduled a webinar to provide an opportunity to learn more about the proposal and how the City will be working to ensure your voice is heard in the event we are required to take action on the request.** In addition, Staff is still on hand to interact via phone and email prior to, during and after the **webinar.** We are committed to providing you with a range of opportunities to weigh in on this project. **This will not be the official public hearing, but a way for the City to be transparent in our review process and lay out opportunities to comment.***

The City has received a request to review two single-family developments north of Trott Brook and west of Nowthen Boulevard. For more information on the project, please visit [www.cityoframsey.com/development](http://www.cityoframsey.com/development). Please note that the concept plan attached to this letter is for reference only. Higher-quality versions are available on the website above or by requesting copies at [planning@cityoframsey.com](mailto:planning@cityoframsey.com) or 763-433-9821.

The City strives for a more collaborative public engagement process and involving residents much earlier in the decision making process. The developer will be in attendance. Please note that if the project moves forward, there will be additional opportunities for public comment, **including the required official public hearing at a future date.**

We value your input in this important neighborhood decision. Please let us know if you have any questions. If you are unable to attend, there are many other ways to submit comment. We are available by phone at 763-433-9821 or by email at [planning@cityoframsey.com](mailto:planning@cityoframsey.com).

Sincerely,

CITY OF RAMSEY
