November 27, 2018

Dear New Resident/Business:

Congratulations on your move and welcome to the City of Ramsey! Listed below is general information about the City.

Recycling Service is provided every other Monday. Contact Ace Solid Waste at 763-427-3110 or Service@AceSolidWaste.com to have a recycling cart delivered to your home. Be sure to contact the City at 763-576-4343 to establish your billing account. If recycling is not picked up on the scheduled date, call Ace Solid Waste by noon the following day and leave your name, phone number, and address. The program currently collects food and beverage aluminum, steel and tin cans, plastic containers, tubs and lids, food and beverage glass containers, newspaper, corrugated cardboard, box board (cereal, chips and cake boxes) mixed paper (including telephone books, magazines, and junk mail) and aseptic cartons (milk, juice, soup and broth cartons.) Separating of materials is not required. Each household is charged \$8.85 per quarter (equivalent to \$2.95 per month) for recycling. Contact the City of Ramsey at 763-576-4343 with billing questions.

Interested in recycling even more? The City has an Organics Recycling Drop-Off program available at no additional cost. A starter kit is available at City Hall from the Planning Division. Details on the program can be found at www.cityoframsey.com/organics.

Refuse Service: Residents in the City of Ramsey are required to have refuse service provided by a licensed hauler. A list of licensed haulers is enclosed in this packet.

Parking: There is **No Parking** on streets within the City of Ramsey from 2:00 a.m. to 6:00 a.m. twelve months of the year.

Dog Licensing: All dogs older than six months must be licensed. Dog licenses are available at the Ramsey Police Department during regular business hours. The license is valid for up to 3 years, or to date of next rabies vaccination, whichever comes first. Residents must present a rabies vaccination record from their veterinarian with the date of expiration on it. The license fee is \$20.00, or \$10.00 for spayed or neutered dogs. Three dogs are allowed per household. No dogs are allowed to run at large and must be on a leash when off the premises of the owner. Additionally, dog excrement must be removed immediately by owner and disposed of in a proper receptacle.

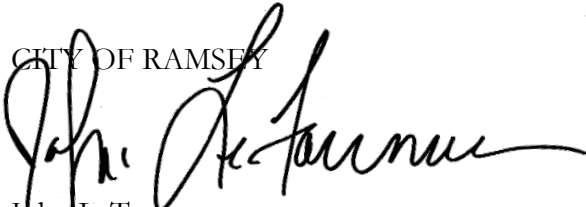

Utility Billing: All City service billings, including street lights, sewer and water, recycling and storm water drainage, are handled by the City of Ramsey. Call 763-576-4343 with billing questions, and to establish new service. Or visit www.cityoframsey.com/250/utility-billing.

Property Taxes: Questions concerning property taxes should be directed to the Anoka County Assessor's Office at 763-323-5400.

City Council Meetings are open to the public and are held the 2nd and 4th Tuesdays of each month at 7:00 p.m. at the Ramsey Municipal Center, 7550 Sunwood Drive NW. After the meeting is convened at 7:00 p.m., the floor is open for citizen input.

Once again, welcome to the City of Ramsey. If you have any questions, please call the City offices at 763-427-1410.

Sincerely,

CITY OF RAMSEY

John LeTourneau

Mayor

763-576-4367

MORE INFORMATION ABOUT THE CITY OF RAMSEY

Quad Cities Cable Television (QCTV): City Council, Planning Commission, Park and Recreation Board, Economic Development Authority and Environmental Policy Board Meetings are televised live and re-broadcast on Comcast Channel 16. Please visit www.QCTV.org for broadcast schedules. QCTV also broadcasts local channels 15 and 19. Channel 15 broadcasts various community programs and channel 19 broadcasts a bulletin board for upcoming community events. QCTV also webcasts recent Council meetings from their website— visit www.qctv.org where there is a link on the front page to the webcasts.

Ramsey Resident Newsletter: The City Newsletter is published at least six times per year and is delivered via US Mail to every address in Ramsey. Questions regarding the newsletter should be directed to the Administrative Clerk, Kathy Schmitz at 763-433-9844.

Snow Plowing and Icy Roads: To report a plowing problem or slippery intersection or road, contact Public Works, Mary Jo at 763-433-9820. For updates on current plowing operations, call the snow plowing hotline at 763-433-9852.

Clearing Your Driveway of Snow: Do not shovel, plow or blow snow into the street or across the street into the adjacent right-of-way. This is a violation of Minnesota State Statute 160.2715. Individuals who throw their snow into the street make it more difficult to clear the street, particularly cul-de-sacs. It also creates ice hazards as other vehicles drive over the snow and compact it. You may want to wait to shovel the end of your driveway and mailbox area until after the plow has cleared the street curb to curb. The plow may come through several times before completion and this will save you from repeating the shoveling process. Snow must remain on your own property.

Recreational Vehicles: The City of Ramsey regulates the operation of recreational vehicles within the City limits. More information on City and State regulations is available at the City's website at www.cityoframsey.com/226/recreational-vehicles or by contacting the Ramsey Police Department at 763-427-6812.

Special Assessments and Escrows: Contact Cindy Nelson (Finance Office) at 763-433-9822.

Tree Questions: Contact the City Planner at 763-433-9817. The City of Ramsey also has a Tree Book, which serves as a reference guide for choosing, caring for and planting trees, available on line as well as other resources related to trees at www.cityoframsey.com/environment.

Business Operation in Residential Areas: Operation of a home business requires that the resident apply for and receive a Home Occupation Permit. A permit for a home occupation may be applied for by submitting the required information to the Community Development Department. Residents should contact the Community Development Department at 763-433-9824 for more information.

Conditional Use and Interim Use Permits: Certain uses require the issuance of a Conditional Use Permit or an Interim Use Permit to study site-specific conditions. Contact the Community Development Department at 763-433-9824.

Four or More Dogs: Requires a Private Kennel Permit. Contact the Community Development Department at 763-433-9824.

Off-Leash Dog Park: Attention all dog owners! If you haven't already treated your dog to a visit to the off-leash dog park, you should plan your outing today.

The off-leash dog area is located at Alpine Park, 6600 Alpine Drive (between Ramsey Blvd and Sunfish Lake Blvd). The designated off-leash area is located in the center of Alpine Park beyond Ball Fields #2 and #3. This site is partially irrigated, with about half of the several acres considered in the ruff, with tall grass and a wooded corner. The so-called “Bark Park” also has a pet fountain and seating.

Dogs – please remind your owners to pick up after you. It is important for Ramsey’s Parks and Trails to remain safe and pleasant for all users. If your owners have any questions or comments, they can contact Mark Riverblood, Parks and Assistant Public Works Superintendent at 763-433-9853 or email mriverblood@cityoframsey.com

Horses: Residents may have horses in accordance with City Code. Parcels with at least 1.5 acres are eligible to have horses in accordance with City Code and require the submittal of a scaled site plan/plot diagram. Horses are not allowed on parcels with less than 1.5 acres. Please contact the Community Development Department at 763-433-9824 for more information.

Happy Days Festival: Happy Days is the City of Ramsey’s annual hometown festival. This popular event takes place in early September and is located within The COR (North of Highway 10 near the Ramsey Municipal Center). The Happy Days Festival hosts a large array of family friendly activities and events during the day, including a 5k, Car Show, Parade, Expos, Food Vendors, and more. When the sun goes down, live music and an impressive fireworks show takeover. Most events are free thanks to the contributions of our generous sponsors. To learn more visit our website at www.cityoframsey.com/343/Happy-Days.

Recycling Day Events: The City has two recycling day events each year. These events are designed for residents to dispose of materials generally not accepted in the curbside program, including electronics, appliances, scrap metal, tires, batteries, used oil, antifreeze, oil filters, mattresses, box springs and document shredding. Watch the Ramsey Resident for dates and locations of drop-offs. Typically, they are held on the first Saturday in May and the last Saturday in September at the Public Works Facility located at 14100 Jasper Street. **Note that cell phones, (no accessories please) rechargeable batteries and inkjet printer cartridges can be recycled at City Hall at any time during normal business hours.**

BUILDING DIVISION INFORMATION

The Building Division staff is here to help ensure all your construction projects meet the requirements of the Minnesota State Building Code. Please, feel free to stop in.

Why do I need a permit?

A permit ensures proper services are provided to safeguard life, health, property and public welfare. If work is done improperly, such work can become unsafe for the homeowners and their families, as well as devalue their home.

Homeowners doing their own project need to obtain the necessary permit(s) and call to arrange the required inspections.

When a contractor is hired, the homeowner may direct the contractor to obtain the necessary permit(s) enabling both the homeowner and the contractor to work with City staff to make sure the work is completed according to code.

When do I need a permit?

Building permits are required to construct, add onto, alter, remove, demolish or repair a structure.

If you are making changes, repairs, alterations or additions to any structure, such as your home, office, basement, swimming pool, garage, deck, porch or storage shed, a building permit may be required before you begin construction.

Mechanical permits are required for installation or replacement of mechanical systems in structures. This includes furnaces, air conditioners, gas lines, gas fireplace inserts and additional ductwork.

Plumbing permits are required for all new or replacement fixtures in structures and added gas lines for anything other than the main heating system of the structure. This includes replacement water heaters, water softeners and plumbing fixtures.

Building permit fees vary according to the value of construction. Mechanical and Plumbing permit fees are based upon the type of installation.

Electrical Permits and Inspections are now handled by the City of Ramsey. A permit is required any time you alter or install electrical wiring.

Informational handouts are always available, and now there are several ways to communicate with Inspections staff. If you have questions about permits, need a permit, have a permit and need to schedule an inspection, visit www.cityoframsey.com/permits to either buy a permit or schedule an inspection online, or email staff at permits@cityoframsey.com or call 763-433-9850, or stop by the Building Division located at City Hall.

Final Inspections Comment. Once you have received any necessary permits from the City to perform the work on your property, it is always a good idea to make sure the work covered under your permit has been inspected by the City building inspector. These required inspections are noted on the City inspection card you receive from the building division when picking up the permit. The State building code requires the “applicant” to contact the building division for all the required inspections, but the owner is always considered the responsible party for making sure the work has been inspected and approved. Also, it is usually a good idea to withhold any final payments until the final inspection as required by the state code has been called for and approved.

FIRE DEPARTMENT INFORMATION

Fire Department questions may be answered by calling 763-427-4452.

Paid On-Call Firefighters: The City recruits for paid on-call firefighters on an “as needed” basis. Applications are available during the recruitment period at City Hall or on the Employment page of our website at www.cityoframsey.com.

Recreational Fires: Permits are not required for fires under 3 feet in diameter.

A recreational fire means a fire set with approved starter fuel contained within the border of a recreational fire site using dry, clean wood; producing little detectable smoke, odor or soot beyond the property line; conducted with an adult tending the fire at all times; for recreational, ceremonial, food preparation or social purposes; extinguished completely before quitting the occasion; and respecting weather conditions, neighbors, burning bans and air quality so that nuisance, health or safety hazards will not be created. In no event shall a recreational fire be closer than twenty-five feet to any structure, unless approved by the Fire Chief or Fire Marshal. Fires shall not be allowed to smolder with no flame present.

Permitted starter fuels include dry paper, clean cardboard, liquid charcoal fire starter, paraffin candles, propane gas torches or clean and dry kindling/limbs. Burning hours are Monday – Friday 6:00 p.m. – 6:00 a.m., Saturday – Sunday 12:00 p.m. – 6:00 a.m. and Federal Holidays 12:00 a.m. – 6:00 p.m.

A recreational fire site is an area of no more than a three (3) foot diameter circle; completely surrounded by non-combustible and non-smoke or odor producing material, either of natural rock, cement, brick, tile or blocks of ferrous metal only; and is located depressed below ground, on the ground or on a raised bed. Included are permanent outdoor wood burning fireplaces. Mobile cooking devices such as manufactured hibachis, charcoal grills, wood smokers and propane or natural gas devices are not defined as recreational fires. **Burning barrels are prohibited. It is illegal to burn garbage, furniture, construction material and alike.**

Open Burn: Permits are required for fires over 3 feet in diameter.

Fires found to be exceeding the above listed guidelines for recreational fires shall be considered open burns, for which a permit is required. Any person conducting an open burn without the necessary permit shall be required to extinguish said fire and can be cited and prosecuted under City Code § 7.83. Conviction of violation of this ordinance is punishable as a misdemeanor in addition to possible civil damages for injury or property damage and assessed cost of fire suppression services from the Ramsey Fire Department at the rate of \$300/hour plus any other costs incurred by the City.

Applications for an open burn permit are available upon request. Please contact the Fire Department through City Hall regarding permitted purposes, permitted materials and fire safety requirements for open burns prior to preparing the pile. Please allow at least ten (10) days after preliminary inspection to process the application. The rate schedule for approved applications for open burn permits is as follows:

Non-refundable application fee	
Residential	\$25.00
Open burn permit fire suppression escrow	\$500
Open burn permit fire suppression services	\$300.00/hr. – min. \$300.00

FIRE SAFETY/AIR QUALITY REQUIREMENTS OF OPEN BURN PERMITS

You are responsible:

- To keep the fire under control and to assume responsibility for all damages and costs that may result from burning done under the permit.
- To attend the fire until completely extinguished.
- Not to burn if there is a practical alternative method for disposal of the material such as chipping or composting.
- To use a clean burning device to start a fire.
- Not to conduct burning during any air quality alert.
- Not to burn paper or cardboard except as provided under Minnesota Statute 17.135.
- To extinguish the fire immediately if the permit is revoked.
- To have the permit available at the burn site for inspection.
- That prevailing wind **MUST** be away from nearby occupied buildings, and not to exceed 10 mph.
- That fires will not be allowed to smolder without flame.
- Burning barrels are prohibited, as well as burning leaves, garbage, furniture etc.

Prohibited Materials: oils, rubber, plastics, tires and chemically treated materials such as railroad ties, treated lumber, composite shingles, tar paper, insulation, composition board, sheetrock, wiring, paint and hazardous and industrial solid waste and alike.

MINNESOTA RULES parts 7005.0705 to 7005.0805 "Open Burning", Minnesota Statutes 88.16 to 88.17 and Minnesota Fire Code are adopted by reference and made a part of Ramsey City Code.

PARKING

Parking is Prohibited on City Streets:

- Between the hours of 2:00 a.m. and 6:00 a.m.
- Within twenty (20) feet of a fire hydrant
- Within a properly marked fire lane
- Within a cross walk
- Within twenty (20) feet of a cross walk at an intersection
- At any place where official signs prohibit stopping
- On any boulevard
- Directly across from or within three feet of either side of a public or private driveway
- With the keys in the ignition. (Passenger automobiles parked on a public street, alley, public parking lot, or place affected with a public interest in the City shall lock the ignition, remove the key and take the key with him/her.)
- When, within the preceding 24 hours, there is an accumulation of falling or blowing snow three (3) inches or more in depth at street level anywhere within that block, until the block has been cleared of snow from curb to curb (commonly referred to as “snowbirds”).

Off-Street Parking Restrictions. Off-street parking in residential areas is permitted only on an improved surface. Blacktop or concrete is required in all MUSA areas. For a complete list of regulations, please refer to City Code Section 117.355 (Residential off-street parking).

- Currently licensed and operable motor vehicles, the primary purpose of which is for private transportation or recreational use may be parked in the front yard if on a driveway or in the side or rear yard provided they are parked on a residential parking surface that consists of either bituminous pavement or concrete in the MUSA area, or recycled concrete, bituminous or prepared gravel outside of those boundaries. The number of items allowed is based on lot size. Call Community Development at 763-433-9824 for more information.
- Commercial use motor vehicles and equipment may be parked outside for short-term periods (8 hours or less) or for longer terms under the following conditions:

The vehicles and/or equipment are screened to a degree of 75% at ground level view, within the MUSA and to a degree of 50% at ground level view outside the MUSA.

The vehicles and/or equipment shall be parked only in the side yard or rear yard of the subject property and said items shall be parked on a residential parking surface that consists of either bituminous pavement or concrete, or outside the boundaries of the MUSA on a minimum of con bit or prepared gravel with at least 2 inch base.

An **“Interim Use Permit”** is required for all commercial use vehicles and equipment that cannot meet the criteria established above.

Active agriculture vehicles and equipment necessary to sustain agricultural uses are allowed and not required to be parked on prepared surfaces or screened.

Private and/or commercial use type motor vehicles and equipment parked on properties must be owned by the person owning or leasing the parcel. MN Department of Motor Vehicles registration records will be used to determine the owner of registered vehicles and/or equipment and said owner’s address.

For more information regarding parking of private or commercial vehicles and/or equipment, please contact the Community Development Department at 763-433-9824.

TREES/PLANTINGS AND STREET VISIBILITY

Safety on our streets depends on good visibility. Vegetation growing in easements and/or road right-of-ways may obscure sight lines, endangering motorists and pedestrians. Overgrown vegetation needs to be pruned, removed or transplanted.

Planting under power lines, in the road easement, or near property lines may create problems in the future. Spruce trees, for instance, hold their lower limbs, making them a popular choice for screening purposes. However, the same characteristic creates problems when the tree matures and begins blocking sight lines. When this happens, the tree needs to be radically pruned, destroying its beauty. When choosing trees for your yard, please consider carefully their location and mature size and growth characteristics before planting.

If you have questions regarding tree selection and their individual traits, please contact the City Planner at 763-433-9817. The City of Ramsey Tree Book, a reference guide for choosing, caring for and planting trees, is available online at www.cityoframsey.com/environment.

Questions regarding sight line problems, easement, right-of-way, tree trimming and/or removal may be directed to Grant Riemer, Public Works Superintendent at the Public Works Department at 763-433-9863.

Call Gopher State Before Digging at (651) 454-0002
www.gopherstateonecall.org

For all other questions regarding tree health, location or preservation, recommended species planting for your site, or Oak Wilt/EAB concerns, contact the City Planner at 763-433-9817 or canderson@cityoframsey.com.

FUN FACTS ABOUT THE CITY OF RAMSEY

- Ramsey has a population of over 25,598 and growing.
- Ramsey is home to over four hundred businesses such as Connexus Energy, Life Fitness, Ace Solid Waste, Altron Manufacturing, Anderson Dahlen, Multi-Source Manufacturing, RJM, Vision Ease Lens etc.
