

Ramsey Parks & Recreation Presents: Monarch Pollinator Series

Monarch Butterflies: MN's Beloved Insect

Want to learn more about Minnesota's state butterfly and the impact they have on the ecosystems right in our own backyards? Experts from the Monarch Joint Venture will share amazing facts about the monarch butterfly - from egg to migration, learn how a butterfly gets its wings and completes one of the largest migrations on the planet. Come away with some simple tips of how you can help monarch butterflies at home.

This event is part of a Monarch Pollinator Event Series.

Join us for events throughout the summer! Participation in all events is not required, but information builds upon previous sessions.

Monarch Butterflies 101: March

Planting for Monarch Butterflies: May

Monarchs and Community Science: June

Contingent upon community interest, a monarch butterfly tagging event may take place in August.

Registration is required, space is limited. This is a FREE virtual event. A confirmation email will be sent with a link to the Zoom meeting prior to the event. Please ensure email notifications on or you will not receive the notice. If you are having issues with the link, please contact aproulx@cityoframsey.com by the Thursday prior to the event by 3:30pm.

Location:

Comfort of your own home
(virtual class)

Date:

March 2nd @ 6:30pm
March 6th @ 11am
