

Ramsey Parks & Recreation Presents: Vitality Arts with the Rumriver Art Center

Vitality Arts: Plein Air Watercolor

Experience the wonder of the outdoors and capture it on paper and canvas! Come and learn to draw and paint the landscape in the great outdoors. The Plein air painting camp teaches the fundamentals of color, color mixing, painting technique, approach, creating the illusion of depth, and exploring composition ideas. Nothing teaches an artist more about color and light than to escape into the outdoors and paint the landscape in plein air.
