RE: Construction Update Letter #2 – **Neighborhood Pavement Overlay Improvements, Improvement Project #21-04**

You are receiving this notice because the street in front of your property is scheduled to be overlaid with new bituminous pavement on Thursday July 22 – Friday July 23.

Parking Restrictions

No On-Street Parking will be allowed from July 22 – July 23 (or until paving is complete) between the hours of 7:00 a.m. to 7:00 p.m. Streets which have already been milled ahead of the overlay are affected by these restrictions.

Sprinkling System / Sump Pump Discharge Restrictions

If you have a lawn sprinkling system which sprays or drains onto the street pavement you should turn it off for the day in which work will be performed on your street. Also, please refrain from discharging your sump pump onto the street during this time. If you absolutely must use your irrigation system, please do so after 7:00 p.m.

Access to Property

No road closures are anticipated, and access to properties will be maintained as best as practical during paving. There may be times when access will not be immediately available due to construction such as when work is proceeding past a driveway, which may last for several minutes.

Contacts

For questions related to construction of the project, including special access needs or concerns, please contact Aaron Madsen, the City's construction inspector.

City inspector: Aaron Madsen, 763-286-2579, amadsen@cityoframsey.com

Please contact me by email at jferiancek@cityoframsey.com or by phone at 763-433-9893 with any questions related to this letter or the project in general. The City remains committed to its long-term pavement management program and to working cooperatively with property owners to minimize impacts during construction.

Sincerely,

Joe Feriancek
Civil Engineer II
