

TO: City of Ramsey Businesses Directly Impacted by Highway 10 Construction

FROM: Peter Turok, President, Anoka Area Chamber of Commerce

RE: Businesses feeling the crunch from the Highway 10 Project and How We Can Help

As the Highway 10 Construction Project continues, many of you in the construction zone, are feeling the hit that construction can bring to your business. I know that many of you are offering specials to try to get customers coming into your business during construction. The Board of Directors of the Anoka Area Chamber of Commerce are working to try and help. This offer is only for businesses directly affected by the road construction.

The Board recently approved an addition to the Chamber web site. We will be adding a page that will feature those specials being offered to customers from any of the businesses affected by the road construction. We'll list whatever you'd like to offer to the public during the construction. There will NOT be a charge to have your special listed. You can change or have us take down the special at any time.

If you are interested in getting a special listed on the page that we're putting up on the Chamber web site, here's what we'll need.

Email me (pete@anokaareachamber.com) the special you are offering and contact information about your business like your address, phone number and web site. If we list your web site, we'll set up a link so when people are looking at your special, they will be able to immediately get to your web site by clicking that link.

We'll keep this special page up throughout the construction.

If you have any questions, please contact me.

Peter Turok
